Take your first breath underwater and dive the world-famous US Liberty Shipwreck.

Discover Scuba Diving in Amed is designed especially for beginners, even if you feel a little nervous. With the close guidance of our professional PADI instructors, you'll start slowly in calm, shallow water to build confidence. Then, when you're ready, you'll head out to explore the incredible US Liberty Shipwreck, one of the most famous and accessible wreck dives in the world.

We understand that many guests feel uncertain before their first dive, so our instructors move at your pace, ensuring safety and comfort at every step. Most people are amazed at how quickly nerves disappear once they see the vibrant coral and tropical fish beneath the surface.

Your experience is made simple and stress-free: all equipment, instruction, and even your meals are included. With an overnight stay at Amed's only 5★ PADI Dive Centre, plus breakfast and lunch, all you need to do is relax and enjoy the adventure.

This itinerary can be personalised to your needs and preferences.

Day 1 | Arrival Day

Our driver will meet you at the airport or hotel closeby and take you to Jukung Dive Bali Amed. The car journey is around 3 hours. Upon arrival, you'll be welcomed with a refreshing welcome drink before being shown to your room at our 5★ PADI Dive Resort. The rest of the day is free to relax, enjoy the pool, or explore the surroundings.

Our resort is ideally located within walking distance of the beach, local cafés, and restaurants. On-site, you can relax in one of our two swimming pools or dine at our in-house restaurant. The evening is free at your leisure. Overnight stay in Amed.

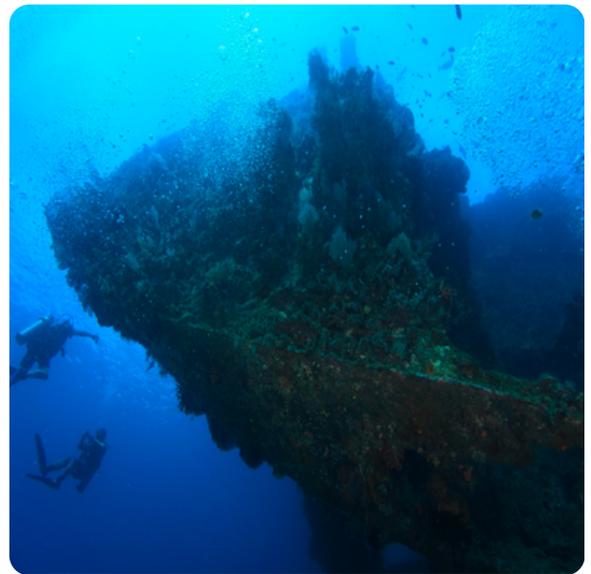

Day 2 | Discover Scuba Diving Experience

After breakfast at the resort, meet your instructor for a full briefing and equipment fitting. The morning begins with a pool or shallow water session, where you will learn and practice basic scuba skills at your own pace.

Once you feel ready, you'll head out for your first open water dive on the world-famous US Liberty Shipwreck (maximum depth 12m). After surfacing, enjoy a snack and tea or coffee during your surface interval.

You will then return for a second dive on the Liberty Wreck, exploring new areas of this incredible site — each dive reveals something different, from vibrant coral gardens to turtles and schools of fish.

After your dives, return to the resort for a freshly prepared lunch and a relaxed debriefing with your instructor. This program is a perfect introduction to diving and can be credited towards your PADI Open Water Course if you decide to continue your training. The afternoon is free to relax by the pool, enjoy the beach, or extend your stay in Amed.

About Discover Scuba Diving

The PADI Discover Scuba Diving program is a one-day introduction designed for complete beginners. You'll learn the basics in shallow water before exploring the underwater world with your instructor – no certification required.

- The program gives you a taste of diving and can be credited towards the PADI Open Water Course if you choose to continue your training.
- You'll start in confined water (pool) to practice basic skills with your instructor.
- This is a great way to test out diving and see if you like it before committing to a full course.
- All scuba equipment is provided, including mask, fins, wetsuit, BCD, regulator, and tanks.

It's completely normal to feel nervous – our instructors will take care of you every step of the way.

Why Try Discover Scuba Diving?

Frequently Asked Questions

Do I need to know how to swim?

Basic swimming ability is recommended, but you don't need to be an expert. Many first-time divers join us with very little swimming experience.

Is it safe for beginners?

Yes. The program is designed for complete beginners and follows strict PADI safety standards. You are always under the close supervision of a professional instructor.

What if I feel nervous?

It's completely normal to feel nervous before your first dive. Our instructors move at your pace, starting in shallow water until you feel comfortable. Most people are surprised at how quickly their nerves disappear once they are underwater.

What if I decide not to continue after the pool session?

If you choose to stop after completing the pool (confined water) session in Nusa Penida, you can switch to snorkeling instead, and we'll provide a partial **refund of \$45 USD**.

How deep will I go?

The maximum depth is 12m, but you don't need to go that deep – we always adapt the dive to your comfort level.

What equipment do I need to bring?

All scuba equipment is provided, including mask, fins, wetsuit, BCD, regulator, and tanks. Just bring a swimsuit, towel, sunscreen, and a smile.

Will I get a certificate?

You will get a DSD certification, which is valid for 6 months and depth limited to 12 meters. And your DSD experience can be changed to one day of Open Water Course if you decide to continue.

Can children join?

Yes. The minimum age is 10 years old. We have special equipment suitable for younger divers.

What if the weather is bad?

We may adjust dive sites or timings for safety, but the experience will always go ahead in the safest and most enjoyable conditions.

Can I continue diving after this?

Absolutely. Many people use DSD as the first step into the PADI Open Water Course. If you loved the experience, you can continue your training with us at Jukung Dive.
