Discover Scuba Diving in Nusa Penida is designed especially for beginners, even if you feel a little nervous. With the close guidance of our professional PADI instructors, you'll start slowly in our pool to build confidence and learn the basics for diving. Then, when you're ready, you'll head out to explore Penida's world-famous dive sites, home to graceful manta rays, the seasonal mola mola, and vibrant coral reefs teeming with tropical fish.

We understand that many guests feel uncertain before their first dive, so our instructors move at your pace, ensuring safety and comfort at every step. Most people are amazed at how quickly nerves disappear once they see the stunning coral gardens and incredible marine life beneath the surface. Your experience is made simple and stress-free: all equipment, instruction, and even your meals are included. With an overnight stay at our 5★ PADI Dive Resort in Nusa Penida, plus breakfast and lunch, all you need to do is relax and enjoy the adventure.

**This itinerary can be personalised to your needs and preferences.**

## **Day 1 | Arrival Day + Pool Session**

Our driver will meet you at the Penida port and arrange your transfer to Jukung Dive Bali Penida. After a short drive, you'll arrive at our 5★ PADI Dive Centre, where you'll be welcomed with a refreshing welcome drink before being shown to your room. The rest of the day is free to relax, enjoy the pool, or explore the surroundings. You can book a tour to explore the island with an additional cost.

Our resort is set in a stunning location with a beautiful infinity pool overlooking the ocean and Mt Agung, the perfect spot to enjoy both sunrise and sunset. We also offer a dedicated freediving pool on-site.

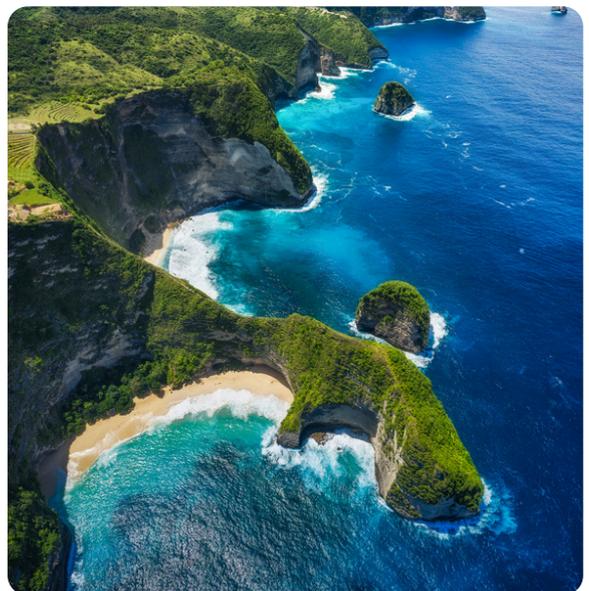

Pool session will start latest at 5pm: first you'll meet your instructor for a full briefing and equipment fitting, then the pool session, where you will learn and practice basic scuba skills at your own pace. After that, you can unwind, take in the views, or dine at our in-house restaurant. The evening is free at your leisure. Overnight stay in Nusa Penida.

## **Day 2 | Discover Scuba Diving Experience**

After breakfast at the resort, usually at 8am, we'll head out by boat for your first open water dive at one of Nusa Penida's famous dive sites, within the protected marine park. Here you may encounter graceful manta rays, colourful coral gardens, and schools of tropical fish (maximum depth 12m). After surfacing, enjoy a snack and tea or coffee during your surface interval.

You will then continue with a second open water dive at another beginner-friendly site, giving you the chance to discover more of Penida's vibrant reefs and marine life. During the right season, there is also the possibility of seeing the rare and incredible mola mola (ocean sunfish).

After your dives, return to the resort for a freshly prepared lunch and a relaxed debriefing with your instructor. This program is the perfect introduction to diving and can be credited towards your PADI Open Water Course if you decide to continue your training.

# About Discover Scuba Diving

The PADI Discover Scuba Diving program is designed for complete beginners. You'll learn the basics in our pool dedicated to diving before exploring the underwater world with your instructor – no certification required.

- The program gives you a taste of diving and can be credited towards the PADI Open Water Course if you choose to continue your training.
- You'll start in confined water (pool) to practice basic skills with your instructor.
- This is a great way to test out diving and see if you like it before committing to a full course.
- All scuba equipment is provided, including mask, fins, wetsuit, BCD, regulator, and tanks.

It's completely normal to feel nervous – our instructors will take care of you every step of the way.

## Why Try Discover Scuba Diving?

- Create unforgettable memories in Bali's tropical waters and see the beauty beneath the surface
- Bali is part of the Coral Triangle, a global centre for marine biodiversity containing nearly 3,000 fish species
- You will be guided every step of the way by our experienced instructors ensuring your safety
- Swim with graceful manta rays and the elusive Mola Mola

# Frequently Asked Questions

## **Do I need to know how to swim?**

Basic swimming ability is recommended, but you don't need to be an expert. Many first-time divers join us with very little swimming experience.

## **Is it safe for beginners?**

Yes. The program is designed for complete beginners and follows strict PADI safety standards. You are always under the close supervision of a professional instructor.

## **What if I feel nervous?**

It's completely normal to feel nervous before your first dive. Our instructors move at your pace, starting in shallow water until you feel comfortable. Most people are surprised at how quickly their nerves disappear once they are underwater.

## **What if I decide not to continue after the pool session?**

If you choose to stop after completing the pool (confined water) session in Nusa Penida, you can switch to snorkeling instead, and we'll provide a partial **refund of \$55 USD**.

## **How deep will I go?**

The maximum depth is 12m, but you don't need to go that deep – we always adapt the dive to your comfort level.

## **What equipment do I need to bring?**

All scuba equipment is provided, including mask, fins, wetsuit, BCD, regulator, and tanks. Just bring a swimsuit, towel, reef friendly sunscreen, and a smile.

## **Will I get a certificate?**

You won't receive a full license, but your DSD experience can be credited towards the PADI Open Water Course if you decide to continue. You can dive again with your instructor for 14 days.

## **Can children join?**

Yes. The minimum age is 10 years old. We have special equipment suitable for younger divers.

## **What if the weather is bad?**

We may adjust dive sites or timings for safety, especially if currents are strong, but your experience will always go ahead in the safest and most enjoyable conditions.

## **Can I continue diving after this?**

Absolutely. Many people use DSD as the first step into the PADI Open Water Course. If you loved the experience, you can continue your training with us at Jukung Dive.
