DISCOVER PENIDA ABOVE THE SURFACE

BEYOND ITS WORLD-CLASS DIVING, NUSA PENIDA IS HOME TO DRAMATIC CLIFFS, STUNNING BEACHES, AND UNFORGETTABLE VIEWPOINTS. DISCOVER SOME OF THE ISLAND'S MOST BEAUTIFUL SPOTS AND ADVENTURES WAITING JUST ABOVE THE SURFACE.

KELINGKING BEACH

One of Nusa Penida's most iconic viewpoints, famous for its dramatic cliff shaped like a T-Rex overlooking turquoise waters and a stunning beach far below. It's one of the island's most photographed spots and offers breathtaking panoramic views.

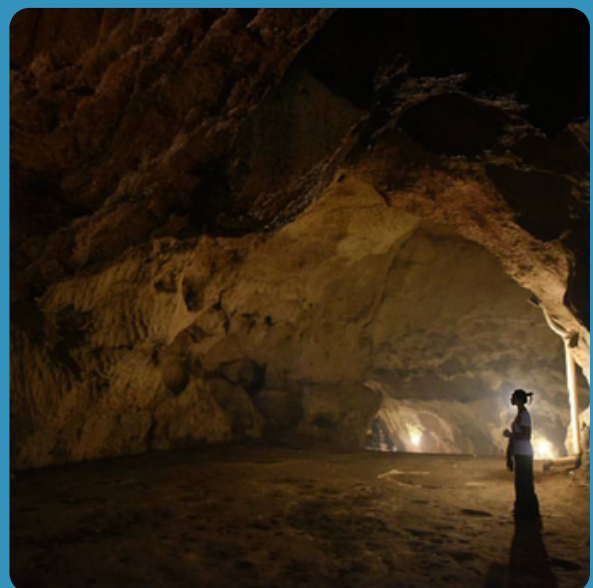

DIAMOND BEACH

A breathtaking white sand beach surrounded by towering limestone cliffs and bright turquoise water. Nearby you can also explore Atuh Beach, the famous Tree House viewpoint, and the spectacular Thousand Islands Viewpoint, all located in the same scenic area.

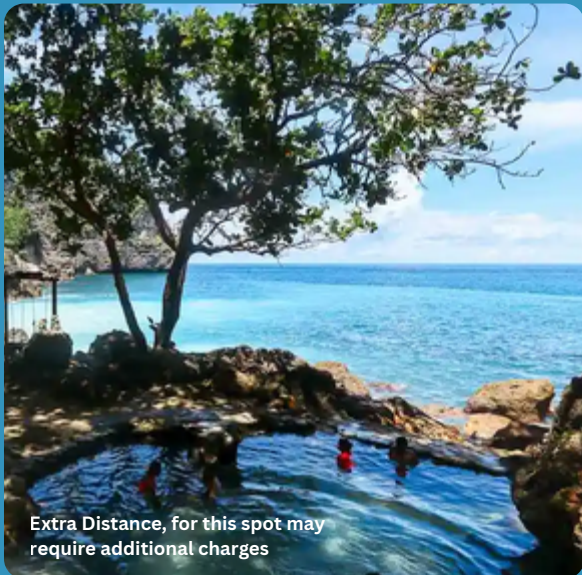

GOA GIRI PUTRI TEMPLE

A unique and sacred Balinese temple hidden inside a vast limestone cave. Visitors enter through a small opening before discovering the impressive temple complex inside the cavern, offering a fascinating cultural and spiritual experience.

ANGEL'S BILLABONG & BROKEN BEACH

Two of Nusa Penida's most famous natural wonders located side by side. Angel's Billabong is a stunning natural infinity pool carved into the rock, while Broken Beach features a dramatic circular cliff arch where ocean waves flow into a hidden bay.

TEMBELING NATURAL POOL & BEACH

A hidden natural pool nestled within lush forest on the west side of the island. After a scenic walk or motorbike ride through the jungle, visitors can swim in the clear rock pools before continuing down to a quiet and rugged ocean beach.

CRYSTAL BEACH

A beautiful sheltered bay known for its calm waters, swaying palm trees, and relaxed beach atmosphere. It is a popular spot for swimming, snorkelling, sunset views, and is also a well-known dive site famous for seasonal mola mola sightings.
