**15% OFF
AOW
COURSE**

Only applies if Open Water is completed with Jukung Dive
Seasonal offer: From November to March of next year

CHOOSE YOUR ADVENTURE DIVES

The PADI Advanced Open Water course is designed to be flexible. Alongside core adventure dives, you can choose specialty dives based on your interests, experience level, and conditions during your stay.

PEAK PERFORMANCE BOUYANCY

Improve your trim, control, and efficiency underwater, making every dive more relaxed, controlled, and enjoyable.

WRECK DIVING

Only Amed

Explore historic shipwrecks while learning safe wreck diving techniques, navigation, and awareness in a unique underwater environment.

DRIFT DIVING

Learn how to dive confidently in currents, using proper positioning and techniques to enjoy effortless, exciting drift dives.

FISH IDENTIFICATION

Discover how to recognise common reef species, understand their behaviour, and deepen your appreciation of marine ecosystems.

RESCUE ADVENTURE DIVE

An introduction to self-rescue and diver awareness skills, focused on safety and confidence rather than full rescue training.

NIGHT DIVING

Subject to tides and conditions

Experience the reef after dark and learn night diving skills, navigation, and torch techniques to spot incredible nocturnal marine life.

Please note: Adventure dive options may vary depending on conditions, experience level, and safety considerations.
